Research Round-up

October 2014 – December 2014

Centre News

Westman Centre for Real Estate Studies

Jyoti Gondek has been appointed as the inaugural Director of the Westman Centre. Jyoti has a PhD in Sociology and has worked in finance and consulting, with her consulting work focused on issues related to urban growth. Jyoti is a member of the Calgary Planning Commission, which gives her a unique and relevant understanding of developer issues.

Centre for Corporate Sustainability

With the support of Enbridge, the Enbridge Centre for Corporate Sustainability has been renamed to the Centre for Corporate Sustainability, effective Nov. 1, 2014. The University of Calgary’s partnership with Enbridge will incorporate the School of Public Policy to inform energy and environment policy development nationally and internationally. The Haskayne School of Business will continue to facilitate the successful Enbridge Research in Action Seminar Series and the annual Corporate Sustainability Awards. We value our partnership with Enbridge and our relationship with them remains strong. These changes are an opportunity to better achieve the sponsorship objectives and allow the Haskayne School of Business to translate research knowledge to the corporate energy sector and lead in the advancement of triple bottom line practices related to the care of people, planet and profit.
Faculty News

Appointments

Chad Saunders has been appointed to the University of Calgary Conjoint Faculties Research Ethics Board.

Awards

Alain Verbeke has been awarded the Killam Research Excellence Award for 2014. This ranks among the most prestigious awards available to scholars in Canada and is the pinnacle scholarship award for the entire university for all scholarly areas that would seek SSHRC funding. Congratulations Alain! read more

Chad Saunders and Derek Hassay were honoured at the first annual "University of Calgary Celebration of Entrepreneurship and Innovation” on November 14, 2014 for their achievements in start-up ventures, commercialization and technology transfer. read more
