Funding and Fees

We provide a generous four-year funding package in excess of \$25,000 per year. Additional awards, travel grants and scholarships are available to eligible Haskayne PhD students.

WHY HASKAYNE

- Small student cohort (approximately 40 students in total)
- Opportunity to spend time with professors from different academic areas
- Extensive collection of journals, books and research databases, and excellent business librarians
- Access to Calgary's thriving business and finance sector including international oil and gas companies

WHY CALGARY

- One of Canada's largest cities with a population of 1.2 million
- Named one of the world's most livable cities by The Economist, 2015
- One hour drive to the Canadian Rocky Mountains, Banff National Park and world class hiking and skiing
- With over 130 head offices, Calgary has the highest head office concentration per capita in Canada
- Calgary enjoys some of the country's highest salaries and lowest taxes
