

Haskayne Founders' Circle

The Haskayne Founders' Circle is advancing the vision of the Haskayne School of Business and connecting business leaders to business education through philanthropy. Haskayne Founders' Circle members are generous and visionary individuals and families who support the Haskayne School of Business with a gift of \$10,000 or more annually.

Haskayne Founders' Circle support provides critical funding; and without you, many initiatives simply wouldn't be possible. Thank you for energizing the future of business education.

Haskayne Founders' Circle members support many different initiatives at the school, from program development and research expansion to student awards and enriched student experiences. Haskayne Founders' Circle members are some of our school's greatest champions, and there are as many different reasons for joining the circle as there are members; the common element is a shared commitment to supporting business education and the vision of the Haskayne School of Business.

“The best way to create the future that we want to see is to come together to build it. This is why I am an advocate for personal philanthropy. By coming together, the Haskayne Founders' Circle has created a force to further business education in Calgary.”

Richard (Dick) Haskayne, OC, AOE, FCA, F.ICD, Haskayne Founders' Circle member

Exclusive to Haskayne Founders' Circle Members in 2018-2019

The Haskayne Founders' Circle program offers exclusive opportunities to engage with thought leaders who are presenting the latest innovations at the Haskayne School of Business. The 2018-19 academic year will bring up to two opportunities—available exclusively to Haskayne Founders' Circle members—to connect with elite thought leaders and dig deep into the issues of today. On November 6, 2018, Haskayne Founders' Circle members will be invited to connect with Harry Tchilinguirian, Global Head of Commodity Markets Strategy and Senior Oil Market Strategist at BNP Paribas for a glimpse into the varying factors that influence global commodity markets. The next opportunity for Haskayne Founders' Circle members will be in early 2019. We hope to see you there.
