

# Professional Student Line of Credit for the Haskayne MBA and EMBA

At ATB, we don't think money should stand in the way of your education. That's why we offer a market-leading line of credit to support your MBA studies.

If you've been accepted into one of the Haskayne MBA streams (Daytime MBA or EMBA), and you're a Canadian citizen or permanent resident, you can apply for ATB's Professional Student Line of Credit. You could qualify for a line of credit of up to \$80,000, administered throughout your degree, to help cover tuition, books, supplies and living expenses.

## Features and benefits

- ATB's Professional Student Line of Credit allows you to borrow up to \$80,000 if you're a Daytime MBA and EMBA student\*, upon approved credit. Depending on individual circumstances, a co-borrower may be considered.
- Our market-leading interest rate of Prime plus 0%<sup>†</sup> lets you worry less about your payments and focus more on your degree. You'll only pay interest on the amount you use, and you only have to pay the monthly interest payments during your study.
- You don't have to pay anything if you don't use your Line of Credit. There are no annual service fees. We'll even set you up with a student account with no monthly fees.
- After your graduation, you can continue to use your Line of Credit until December 31 of the year following your graduation—a two year grace period. After that, your remaining balance will be converted into a loan, amortized for up to 25 years. The long amortization gives you a flexible repayment option with low monthly payments and doesn't place a burden on your finances. There are no penalties to pay down or pay off your loan early.
