## Canadian Business School Rankings – University of Texas 24 Journal List

The University of Texas, Dallas, Naveen Jindal School of Management has created a database to track publications in 24 leading business journals known as the **UTD24** Journal List. The database contains titles and author affiliations of papers published in these journals since 1990. Authors' affiliations are recorded at the time of the publication and results in a score towards the school.

The Haskayne School of Business analyzed the UTD database over the past five years for 21 Canadian business schools as a different performance indicator, to see how we, and others across the country, have measured using the UTD24 list of research journals as a basis.
