

ENHANCING PRIVATE EQUITY GOVERNANCE: BEYOND A GOOD IDEA

The success of a start-up venture increases significantly when seasoned advisors can be recruited to provide critical oversight and guidance during its formative stages.

An effective organizational and governance structure enhances a venture's ability to attract capital. Good governance also increases the speed at which good ideas reach the market.

WHO WILL BENEFIT?

This unique program brings together entrepreneurs and high-potential ventures from across a broad spectrum of industries with seasoned advisors who have governance expertise and entrepreneurial experience. This pairing ensures a mutually beneficial learning experience and long term relationships that can support the ultimate success of start-ups.

PROGRAM DELIVERY

This cohort-based, online-learning program combines a mixture of self-directed asynchronous online learning with live online intensive discussions, case analyses, and small group meetings with other entrepreneurs and seasoned start-up directors and advisors. The program focuses on relevant knowledge and practical applications that can support the next level of growth.

LEARNING OBJECTIVES

The key learnings and benefits for entrepreneurs include:

- An organizational and governance developmental roadmap for early-stage companies;
- Critical organizational milestones;
- Practices and processes to sustain long-term strategic and operational efficiencies;
- Best practices for building an effective advisory team and board of directors;
- Governance requirements and responsibilities for angel investors and venture capitalists;
- Relationships with seasoned start-up directors and advisors.
