On the **Home Tab**, you can access:

- Course registration
- Enrolment appointment date
- Schedule
- Quick Links

# Registration Tools: Course Search

- You can register using either:
  - "Course Search"
  - "Schedule Builder"
- To start, we recommend using "Schedule Builder"
- After you've registered, it's best to make any course changes (i.e. adding, dropping, swapping or editing) through your **Home Tab**
- More information about registration can be found [here](#).

# Important Terminology – Registration Actions

- **Add:** Add a new course to your schedule.
- **Drop:** Completely remove a course from your schedule. Students must drop courses by the term drop deadline to receive a refund
- **Swap:** Trade or substitute one course for another.
- **Edit:** Change the sub-component of a course (such as a *lab* or *tutorial*) while leaving the main component of a course (i.e. *lecture*) unchanged.
- **Withdrawal:** After the term drop deadline passes, the drop function allows you to withdraw from a class up until the last day of the course.
- **Lectures:** usually classroom-based instruction.
- **Labs:** smaller, more individual course components that supplement your lectures
- **Tutorials:** provide opportunities for you to ask questions, discuss course/reading material and receive additional assistance.

# First Year BComm Courses

# Step 1 – Initialize Your Registration

You'll need to complete your registration initialization before you can register. To do this:

1. Log in to My UCalgary ([my.ucalgary.ca](https://my.ucalgary.ca))
2. Under the Home tab, scroll down to about the middle of the page and click on "Initialize Registration"; or simply click on "Enroll"
3. Follow the prompts that appear on your screen

## Step 2 – Select a First Year BComm Cohort

First Year BComm students select a cohort, a schedule that incorporates your essential first year BComm courses

1. Go to the [list of available cohorts](#)
2. Confirm if you need [MATH 249 or MATH 265](#)
3. Select the same cohort for fall and winter (i.e. If you select cohort B in fall you should select cohort B in winter)
  - Each cohort has both MATH 249 and 265; choose the one you need
4. Select a [200-level ENGL course](#)
  - We recommend splitting MATH 249/265 and ENGL into separate terms
5. ACCT 217 is not necessary in first year, and can be deferred to Year 2 (requires 4 half-courses to be completed)

Are you part  
of a Dinos  
Athletic team?  
Contact our  
office for a  
specific cohort  
for **student  
athletes**

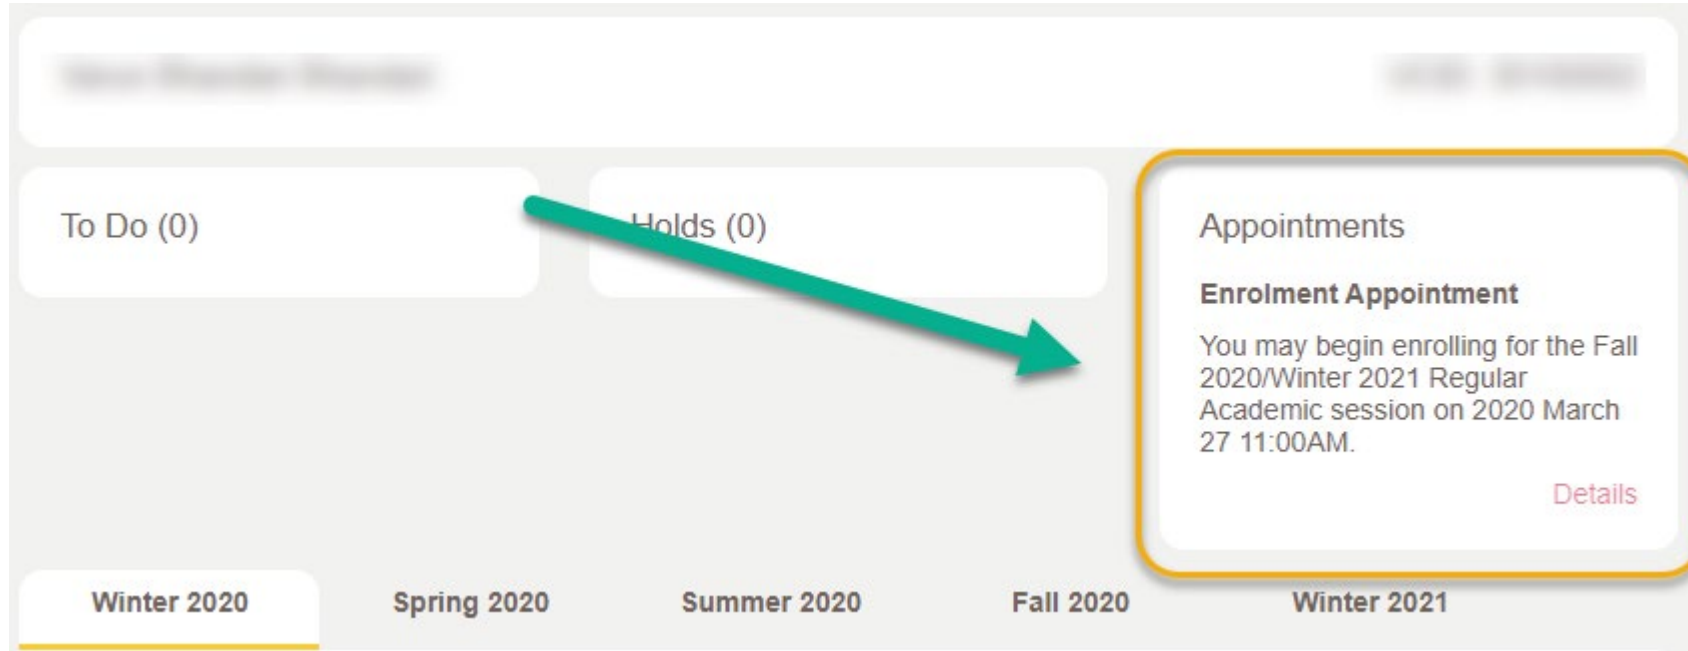

## Step 3 – Junior Non-Commerce Options

First Year BComm students **can take up to 10 half-courses** (30 units); the cohort is only 8 half-courses (24 units)

- The BComm program requires 4 half-courses (12 units) of junior non-commerce options
- This is a great time to think about what areas you are interested in outside of business! We also have a [list of recommended options](#)
- Interested in the [BComm Honours program](#)? Consider [DATA 201](#)
- Interested in the [International Business Strategy](#) concentration? Required language courses can be used here (i.e. FREN 209 and FREN 211)

Don't forget to save your schedules in [Schedule Builder](#)!

# Step 4: Register on your Enrolment Appointment

Most  
Enrolment  
Appointments  
will be between  
**May 5-7, 2021**  
for first year  
students

You will log into your [Schedule Builder](#) from my.ucalgary.ca to access your saved schedules. You can register in your courses from here.

# Advanced Credit for AP, IB and GCE programs

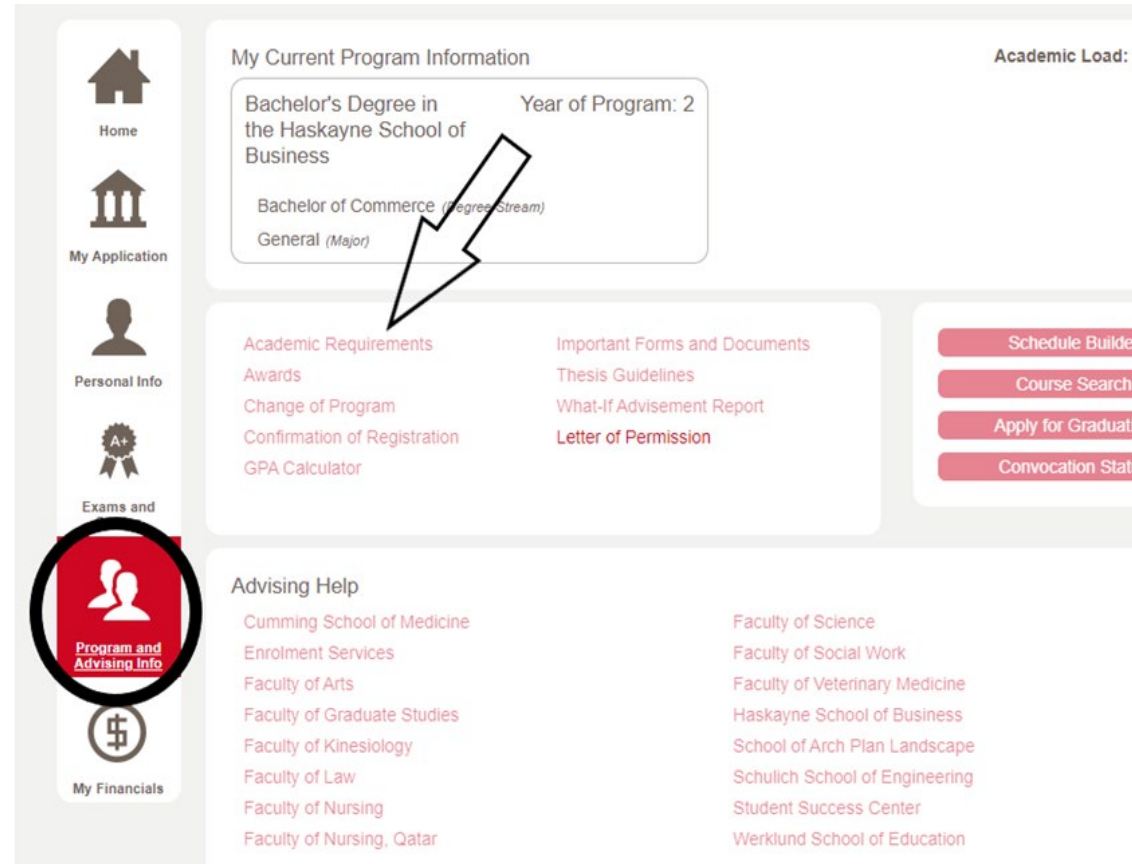

- Check your Academic Requirements report to see how your credit fits into your BComm program
- If you are waiting to receive credit, register as normal. Once your credit is posted, you can drop any duplicate requirements
- You are responsible for making sure your final AP, IB, and GCE transcripts are submitted to admissions to receive your credit

# A class I want is FULL now!

- It is good to have some alternative schedules or options just in case. **Flexibility is key!**
- If the waitlist is full or if there isn't a waitlist, keep checking for a spot to open. Courses tend to open up closer to the start of the term.
- If you waitlist for a course, and continue to change your schedule, make sure there won't be a **time conflict** with another course you have registered for (that includes labs and tutorials for that course, as well). If there is, **the waitlist will not be able to enroll you into the course if a seat opens up.**
- You can review your schedule on your Student Centre. Time conflicts in your weekly schedule will show up in a **different color.**

# After you Register – Check Academic Requirements
