

Fall 2021 Cohorts for Transfer BComm Students

Transfer BComm students are any students who have already completed the six specific pre-commerce requirements as part of their admission to Haskayne (i.e. ECON 201, ECON 203, MATH 249 or 265, STAT 213, STAT 217, and ENGL 2XX). Please read directions and notes below.

Directions:

1. Check you [transfer credit report](#) to verify which courses you have already been granted credit.
2. Select one cohort (below) for Fall 2021. We recommend completing MGST 217, SGMA 217 and ACCT 217 (if required) in Fall 2021 as they are important prerequisites to future courses.
3. Select additional courses for Fall 2021 and Winter 2022 that are still required in your [BComm program](#).
4. Save your schedule in [Schedule Builder](#) until you are ready to enroll on your [Enrolment Appointment](#)

Notes:

- If you are expecting [additional transfer credit](#) to be posted from your Winter 2021 term, please make sure to take this into consideration as you are selecting courses. You are responsible for making sure your final transcripts are [submitted to admissions](#) to receive your credit
- You may have been awarded generic business transfer credit such as MGOPXXX or MGMTXXX. If so, you can email us the official course outline to undergraduate@haskayne.ucalgary.ca so that we can evaluate it for specific business credit.
