

As per the [Office of the Registrar](#), UCalgary students will have the opportunity to choose between their final course grade or Completed Requirements (CR)/Fail (F) in Winter 2020. In accordance with this directive, the Haskayne School of Business will accept Completed Requirements (CR) in a prerequisite course normally requiring a C- grade (for continuation into an upper-level business course) or a C grade (for BComm concentration eligibility).

Please note: Students opting for Completed Requirements (CR) but without a solid understanding of the subject matter are **strongly cautioned** against registering in upper-level classes as this **may hinder their ability to successfully complete those upper-level classes and potentially impact their student standing**. In these cases, **remedial study is strongly recommended**.
