

How to see your course from a student's perspective

1. Navigate to Course Home on the navigation bar

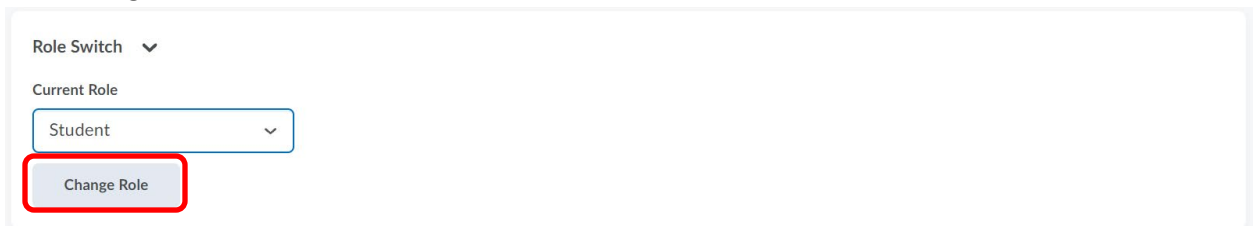

Course Home Content Calendar Communication ▾ Assessments ▾ My Tools ▾ Edit Course Zoom

2. In the Role Switch widget (bottom of Course Home page) click the dropdown box and select Student

The screenshot shows the 'Role Switch' widget. The 'Current Role' dropdown menu is open, displaying the following options: '-- My Role (Instructor) --', '-- My Role (Instructor) --', 'TA - full access', 'TA - grading only', 'TA - No grading', 'Librarian', and 'Student'. The 'Student' option is highlighted with a blue background and a red border. The 'Role Switch' label and the dropdown arrow are also highlighted with a red border.

3. Click Change Role

The screenshot shows the 'Role Switch' widget. The 'Current Role' dropdown menu is now closed and displays 'Student'. The 'Change Role' button is highlighted with a red border.

NOTE: You will be able to view your course as a student would. However, you will not be able to “perform” all tasks. For example, you will not be able to take an exam and receive a grade.
