Canadian Energy Research Institute (CERI) Graduate Scholarship in Sustainable Energy Development

*CERI provides government, industry and other stakeholders with analyses of economic and environmental issues in the energy production, transportation and consumption sectors. This scholarship supports graduate research in sustainable energy development.*

**DONOR:** Canadian Energy Research Institute

**FIELD OF STUDY:** Sustainable Energy Development

**VALUE:** $15,000

**NUMBER:** Two

**DURATION:** One year

**ELIGIBILITY:** Open to students registered full-time in the Master of Science in Sustainable Energy Development program.

Candidates must complete a statement of eligibility (approximately 400 words) describing how their research relates to Canadian energy, economics, policy, and sustainability.

**CITIZENSHIP:** Unrestricted

**WHERE TENABLE:** University of Calgary, Faculty of Graduate Studies

**NOMINATION PROCESS:** Recommended by Program

**APPLY:** Students interested in the award should consult the Sustainable Energy Development program. A recommendation will be forwarded to the Graduate Scholarship Office. The recommendation is subject to final approval of the Graduate Scholarship Committee.

**DEADLINE:** December 31

The Graduate Scholarship Office reviews the endowment allocation annually to determine whether an increase in the value of an award is appropriate. As the endowment income grows, the value of this award shall be increased.
